RESIDENTIAL CONSERVATION IMPROVEMENT PROGRAM

- Using additional outlets that are not connected to an ESP for charging the EV is prohibited.
- If bringing your own charging station, the ESP meter and receiver equipment must be located outside of the home.
- If installing a ZEF Energy charging station the meter and receiver equipment are integrated into the charging station.
- Member will pay the cost and arrange installation for all special equipment and/or additional switching mechanism necessary to meter the charging station.
- Fill out this form completely. Incomplete forms will be returned.
- Rebate dollars are limited and will be paid on a first-come, first-served basis.
- Rebates will be issued as a credit on your WH electric bill.
- **The program will be required to be in place for a minimum of five years. If removed, the rebate will be prorated and billed to your electric account.**
- Please allow six to eight weeks for rebate processing after ESP installation.
- **Equipment must be purchased between January - December 31, 2024.** Submit completed rebate form and a copy of the original sales receipt within 90 days of installation date to:

Wright-Hennepin Cooperative Electric Association
Attn: Administration
PO Box 330
Rockford, MN 55373-0330

Rebates are available for Level 2 hardwired, 240-volt, wall mounted EV charging stations purchased on or after January 1, 2024. The charging station must be installed where electricity is supplied by Wright-Hennepin (WH) and controlled on an ESP. Rebate submittal must follow the guidelines as outlined by WH. WH is not responsible for inaccurate information supplied by vendors or contractors. Rebate program is subject to change or cancellation without notice. Call WH at (763) 477-3000 to verify rebate program status.

I certify that the EV charging station for which I am claiming a rebate is a qualifying charging station with a battery electric vehicle (BEV) having a minimum of a 4.5 charger rating. The BEV charging station is installed at the address listed above and the address represents a valid WH electric account.
