

Welcome to Wright-Hennepin!

You are a member-owner of your electric cooperative.

WH[®]

Wright-Hennepin

Cooperative Electric Association

A Touchstone Energy[®] Cooperative 

Welcome

Welcome to Wright-Hennepin Cooperative Electric Association (WH). We are pleased to serve you!

Providing you with safe, reliable and affordable energy are top priorities at WH. Our reliability record consistently is among the best in the industry, and our electric rates are very competitive. The cooperative also provides many opportunities to save money with rebates on Energy-Saving Programs, which can be found on whe.org and on page 6. We encourage you to take advantage of services offered by WH Holding businesses, found on page 7. These value-added businesses help generate profits to offset the retail price of electricity for WH members.

Being a member of WH distinguishes you from other utility customers in a number of ways:

1. You are a member-owner of the cooperative. That means you have a voice in setting policy through a nine-member board elected by you and other WH members.
2. You share in the cooperative's success. We have returned nearly \$43 million over the last decade to members through capital credit returns.
3. You receive reduced pricing on other WH services. This is one of the many privileges of being an owner of the cooperative.

As a member-owned cooperative, we are committed to the communities we serve. Our lead effort is a program called Operation Round Up (ORU). Through this program, WH members allow the cooperative to round up their monthly electric bills to the nearest dollar. The rounded-up donation is then placed in a trust fund which is distributed to charitable organizations in the local area. Through this method, ORU has provided more than \$4.9 million in grants to local charities and worthy causes since 1994. You will be automatically enrolled in ORU. If you wish not to participate, please return the enclosed coupon or call a member services representative at (763) 477-3000 to be removed from the program.

Again, welcome — and thank you for your business.

Sincerely,

ENERGY CHARGE

Cost per kilowatt hour (kWh) of energy you use.

POWER COST ADJUSTMENT

WH uses the Power Cost Adjustment to adjust electricity prices according to changes in our wholesale power as they fluctuate throughout the year.

This is on commercial bills only, not residential. Demand, measured in kilowatts (kW) is the highest 15 minute electric load (demand) that occurred during the billing period.

Membership

CAPITAL CREDITS

Capital credits are the money or margin that is left over after all WH bills associated with doing business have been paid. You are entitled to these capital credits, or a share of the refund based on your electricity purchased. Per cooperative Bylaws, WH's member-elected board determines the amount of margins retired each year based on the cooperative's financial condition and other considerations. WH is currently on a 20-year rotation cycle. Members of WH who purchased electricity during the years being retired are eligible for a capital credit refund. Capital credits are paid out during the holiday season.

FREE CO-OP CONNECTIONS DISCOUNT CARD

By simply showing your Co-op Connections card, you can receive savings at participating local and national businesses. It's just one more advantage of being a member of WH!
